

# Subscribe With Confidence.

**AWeber's PermissionPledge™ Protects Your Privacy and Inbox.**

## What Does This Mean?

This website belongs to someone who uses AWeber to responsibly manage their [email marketing](#) campaign

- They will send you email **if you give them permission** to do so (by subscribing to their mailing list). They will **respect your permission**.
- They will only send you email that is **related to what you subscribed to** and why you subscribed.
- They will abide by AWeber's [anti-spam](#) rules and anti-spam laws like [CAN-SPAM](#).
- You can **unsubscribe whenever you want** with a click of your mouse.

## "What If I Want To Unsubscribe?"

At the **end of every email** you receive from this website you will see an **unsubscribe link**.

Click on that link and you will see an unsubscribe page with **two columns marked "Subscribed" and "Unsubscribed"**.

Click on the button in the "Unsubscribed" column. **We will immediately unsubscribe you!**

## How Does AWeber Prevent Spam and Protect Inboxes?

- We review customers' mailing lists with a variety of automatic tests.
- **Our staff manually reviews mailing lists** for any signs of irresponsible emailing.

This two-pronged approach has helped keep spammers off AWeber ever since **we started managing email in 1998**.

To make sure we can keep them off, we share ideas with others in several **email industry and anti-spam groups** like the [Messaging Anti-Abuse Working Group](#), the [Anti-Phishing Working Group](#) and the [Online Trust Alliance](#).

## Report Abuse - Help Us Stamp Out Spam!

If you feel you have received spam from an AWeber user, please [report it to our Anti-Abuse Team](#) immediately. You can email us at [abuse@aweber.com](mailto:abuse@aweber.com).
